

### **Minor Athlete Equipment Distribution Release**

When athletes, who are minors, come to Sterling we always ask parents/guardians to attend the appointment with the athlete. We understand that this is not always possible with schedules.

For the safety of the athlete we may need to utilize a brace or support.

If we do dispense a brace or support, the item will be sent to your insurance. You may be left with a residual bill that is owed to Sterling based on your insurance plan.

We will not do so unless having written consent from the parents/guardian.

I \_\_\_\_\_ as parent/guardian of minor athlete \_\_\_\_\_ give

Sterling permission to dispense a brace or support for my minor athletes safety and bill to my insurance. I understand that I may owe Sterling a portion of the bill based on the parameters of my insurance plan.
