

Insurance Suggestions

- Due to the complexity of all insurance carriers and the many plans they offer, we suggest calling the toll-free customer service number on the back of your insurance card to talk with a representative regarding your specific plan.

We bill as an **Office Visit for Physical Therapy.**

- **Questions to ask:**
 1. Does my deductible apply to office visits?
 2. Do I need to pay a co-pay per visit and if so, how much?
 3. Does co-insurance apply after the co-pay and if so, what percentage?
- When in doubt, call the insurance company. It will save you from receiving a bill in which you were not planning.
